

Summer 2022 CSA Shares Overview

Vegetable (produce) shares are individually boxed. For summer, there are three vegetable share sizes (small, medium and large). Please be sure to take the correct size share.

Please note: Unite for HER participants must take a box with the "Unite for HER" label.

Fruit shares are bulk packed, so please do not take an entire fruit share box. Always follow the fruit share instructions provided on the bulk boxes so you take the correct amount of fruit.

Flower shares are bulk packed, so please do not take an entire flower box. Carefully take one bouquet from the tall brown cardboard flower box.

Herb shares are delivered biweekly and bulk packed, so please do not take an entire herb share box. Take one bag per share from the herb box.

Meat, chicken, and biweekly cheese shares are bagged per share and labeled with specific customer names. These are kept in the white plastic cooler or insulated cardboard cooler boxes. Please be sure to check bag labels to take the correct share(s) intended for you.

Bread shares are bulk packed in the box labeled "Bread Box". Some sites keep bread in the cooler due to critter issues. Bread shares are one loaf per share.

Gluten-free bread shares are bulk packed in the box labeled "Gluten-Free Bread Box". Some sites keep bread in the cooler due to critters. GF bread shares are one GF bread item per share.

Weekly egg shares deliver each week of the season. Eggs are in the cooler or cooler boxes.

Biweekly egg shares deliver on odd CSA weeks only (week 1, 3, 5, etc) of the season. If you're not sure if it's pickup week, check your contents email or the sign-in sheet at your site.

Yogurt shares include both whole and low fat options. Please check the label when collecting your quart, to ensure you take the type of yogurt for which you're signed up.
